

# MOBILE “ECO TRANSPALLET” PALLET TRUCK

**MODEL: I-55**

An economic alternative to the ML55, the I-55 features a quality German design pump for long life and easy field servicing.

Durable, versatile and easy to use the I-55 features an ergonomic design that reduces operator fatigue and downtime.

A 200 degree handle pivot provides exceptional maneuverability in compact areas and comes with standard polyurethane wheels and rollers for rolling ease.

The I-55 features a powder coat finish, robotic welds throughout, and grease fittings at all pivot points for easy maintenance.

## FEATURES:

**Frame:** Rugged heavy duty frame constructed of one-piece formed Channel steel offering light weight strength.

**Forks:** Reinforced for added strength with tapered ends for easy pallet entry.

**Paint:** The I-55 boasts a quality Powder Coat finish.

**Hydraulic Pump:** Quality German design complete with a special lowering valve allowing controlled rate of descent, and an overload by-pass valve.

**Pump Stroke:** Features a full 90 degree top to bottom stroke - requires 10 strokes to raise the forks to the maximum lift.

**Handle:** Featuring a reinforced base, the spring-a-matic handle returns to the upright position automatically.

**Control Handle:** The control handle has three position (raise/neutral/lower) fingertip control. Ergonomically designed and free of pinch points.

**Steering:** Featuring 200 degree pivot action for greater maneuverability with 7" polyurethane Wheels, sealed bearings and "Ball-Thrust" steering.

**Load Rollers:** Features 2.9" polyurethane rollers with sealed bearings.

**Push Rods:** The adjustable push rods allow for individual adjustment capability of either fork height.

**Hangers:** The one piece hangers are constructed of Iron Cast for greater strength and longevity.

**Helper Rollers:** Features 4 helper rollers for easy exit and entry of pallets.

**Pivot Points:** The I-55 features grease fittings and bushings at all pivot points for easy maintenance.

**Options:** Tandem Wheels  
Automotive Brake Attachment  
20.5" Overall Fork Width

## SPECIFICATIONS:

Load Capacity:	5,500 lbs.
Fork Length:	48"
Overall Fork Widths:	27"
Lowered Fork Height:	2.9"
Raised Fork Height:	7.8"
Fork Width:	6.5"
Weight:	160 lbs.
Steer Wheels:	7"
Load Rollers:	2.9" X 3.6"
Wheels/Rollers:	Polyurethane
