

MOBILE CUSTOM APPLICATION STACKER

“PAPER HANDLER” STACKER

MODEL: SPP45

Used in the Printing and Bindery Industry, the SPP45 is designed to handle both the Heidelberg and Komori Paper Dollies. Its narrow design allows for easy maneuverability as it will fit any aisle that can handle a Paper Dolly.

Ergonomically designed, this unit is perfect for jogging loads up and down as Dollies or Skids are loaded and emptied, and for transporting loads from one work area to another.

Combining power lift with manual push, the SPP45 eliminates the possibility of physical injury to the operator due to the bending and lifting required to handle heavy print jobs. Easy to use, it's designed to handle constant heavy duty use, needs no special training to operate, and requires a minimum of maintenance.

FEATURES:

Frame: Rugged heavy duty frame constructed of formed and welded steel for extra strength.

Mast: Fabricated with channel steel for greater strength and dependability. Open structure design complete with safety cage offers greater visibility.

Lifting Chains: Unique dual lifting chains are roller style, heavy duty steel exceeding a 6:1 safety factor.

Hydraulic System: Durable cylinder features a chrome plated ram and a relief valve for overload protection.

Forks: Heavy duty steel Fixed Forks are each 4" wide X 20.5" long.

Fixed Straddle Legs: The straddle legs offer complete stability when lifting and transporting loads.

Battery: Features a heavy duty 12 volt, 125 amps/hour industrial strength battery.

Charger: The built-in battery charger is a 10 amp Selenium rectifier with transformer, circuit breaker and overload protection, and plugs into any 110 volt outlet.

Steering: Two 5" Phenolic Swivel Casters located beneath the body of the unit provide complete maneuverability in congested areas.

Wheels: Standard front Wheels are Phenolic and 3" in diameter with Roller Bearings

Brake: Features a hand controlled floor lock Brake that secures the unit in place.

Options: AC Power
Remote Control

SPECIFICATIONS:

Load Capacity:	1,500 lbs.
Load Center:	10"
Lowered Fork Height:	3.5"
Raised Fork Height:	45"
Overall Mast Height:	55"
Overall Width:	26"
Overall Length:	39"
Overall Fork OD:	14.5"
Fork Size:	4" x 20.5"
Weight:	500 lbs.
Swivel Casters:	5"
Phenolic Front Wheels:	3"
Phenolic Battery:	12V/125A
Heavy duty Charger:	12V/10A w/overload protect
